

WINDEX

DESCRIPTION

WINDEX is a specially formulated concentrated cleaner for effective and rapid removal of general surface soil from glass, windows, mirrors, picture tiles, chromed car parts as well as car windows. It has penetration power that can lift up stubborn soil from the surface in one-off action without leaving any blur surface

WINDEX is suitable for use on glass and other surfaces such as:

- Windows
- Mirrors
- Picture glass
- Appliances
- Porcelain tiles
- Chrome
- Car windows

FEATURES& BENEFITS

- Highly effective and economical in use
- Does not leave traces behind after clean
- One-off cleaning action with pleasant odor
- Safe to handle

APPLICATION and USE

WINDEX should be used neat for all cleaning application. The product should be applied by a suitable spray bottle for even distribution over the soiled glass surface. It is then wiped off with a clean cloth. For very stubborn soil, repeated cleans may be required to obtain optimum results.
