

CARPET SPOT CLEANER

DESCRIPTION

CARPET SPOT CLEANER is a specially formulated product designed for fast, safe and efficient removal of spots and stains on the carpets.

CARPET SPOT CLEANER is effective in cleaning off spot stains of ink, coffee, cola, wine, grease, oil, blood, shoe polish, lipstick, urine and pet stains etc. It is suitable for use on carpet of both natural and synthetic fibres.

FEATURES

- Strong and fast cleaning action that provides effective removal of soils and stains.
- Economical in use
- Gives pleasant odour
- Very user-friendly

APPLICATION & USE

Almost all spilled materials will stain or discolour the carpet if left unattended. It is thus strongly suggested that the stains be removed with **CARPET SPOT CLEANER** as soon as possible as old stains may be more difficult to remove.

Always pre-test for dye bleed or colour change on an inconspicuous area of carpet.

1. Scrap, blot or vacuum excess material.
2. Saturate spot with **CARPET SPOT CLEANER**. Always start cleaning from the outside of the spot and work toward the centre to avoid spreading the stain.
3. Allow to soak for 2-5 minutes depending on the type of stains.
4. Agitate with tamping brush. Then clean off with a wet cloth and blot dry with a dry towel.
5. If the stain cannot be removed completely, repeat the above steps.

TECHNICAL SPECIFICATION

Appearance	: Clear golden liquid
Odour	: Pleasant citrus
Vapour Density	: Less than water
Specific Gravity	: Approx. 1.01 @ 20°C
pH (Neat)	: 8.5± 0.5
Water Solubility	: Completely soluble
